NUMBER 200.

MINERS VERY QUIET.

So Far There Has Been No Disturbance in the Great Strike.

NO SUFFERING OF CONSEQUENCE.

The Miners Are Apparently Willing to Be Idle and the Operators Not Anxious to Resume—Miners' Officials Encouraged With the Reports From West Virginia. The End Is Not Yet in Sight.

PITTSBURG, July 17.—Dullness at miners' headquarters and in all the mines of the Pittsburgh district and unusual activity in the coal market characterizes the features of the strike. For a strike so general, it causes the least excitement; peace seems to prevail everywhere, but how long this state of affairs will continue to exist can not be even guessed. The miners are apparently willing to be idle, and as yet no suffering of consequence has been reported at district headquarters.

The miners' officials are very much elated over news from West Virginia. Several telegrams from organizers in that section of an encouraging nature have been received.

"There is nothing startling to report from any of the districts," said President Patrick Dolan. "The men, with the exception of a very few are out and we are satisfied with the situation."

Coal took another tumble in price yesterday. It sold for \$1.25 at the mine, a drop of 45 cents from the day previous. A tour among the operators demonstrated that there was plenty of coal on hand. It was learned that the Penn Gas Coal company, West Moreland Gas Coal company, Manor shaft, Keystone Coal company, Washington Run Coal company, the Boon and Allison mines were furnishing considerable coal. It was estimated that the mines east of Pittsburgh are furnishing 150 cars a day.

Nearly all the empty coal cars in the Pittsburgh district are finding their way to the West Virginia coal fields. The Baltimore and Ohio took several trains of them yesterday. It was also learned that 250 cars a day were going from the Pocahontas field in West Virginia into Cleveland. The records show that a cargo of 2,000 tons was loaded Wednesday, a similar one on Thursday, and the Northwing was loaded yesterday with the same amount. The price is \$2.30 alongside, or free on board the vessel.

The program of the miners' officials is to bring out all the men possible in the West Virginia field and then bring all the organizers to Pittsburgh. It is expected that the terms will be made here, as the district is looked upon as the most interesting point after West Virginia has been disposed of. The miners' hopes are high, and they are confident that there will be a good story to tell from West Virginia Monday morning.

The lukewarmness of National President Rathford and the belittling attitude of President Dolan has put somewhat of a damper on the true uniformity plan, but President Dolan says notwithstanding his private opinion concerning Mr. Dearmit, he has been and will continue doing everything in his power to further the consummation of the scheme. General Little and Mr. Dearmit left yesterday at 8 o'clock for Philadelphia to consult with officials of the Westmoreland, Penn., Keystone and other coal companies along the line of the Pennsylvania railroad, with the end in view of securing their co-operation in the uniformity plan.

All of the arbitration board except B. Frank Schmid of Indiana are now out of the city. Edward Ridgely and Horace Caley are in Chicago and L. P. McCormack at Indianapolis for the purpose of interesting operators of these states in the proposition for a settlement of the strike. They expect to have a general meeting of the operators of the five states in Pittsburgh next Monday or Tuesday, when the commissioners believe an amicable settlement will be reached.

President Dolan is arranging for a conference with leaders in the Clearfield and Cambria regions, where the men are working and are under the delusion that they are not interfering with the success of the strike. A great deal of coal is coming from those fields and goes to fill contracts at the lakes. It is believed the miners can be induced to come out.

CONDITION OF THE INDIANA MINERS.

Both Block Coal and Bituminous Men Are Facing Starvation.

INDIANAPOLIS, July 17.—A staff correspondent for The Sentinel has been investigating conditions in the Indiana coal fields this week, and reports a deplorable condition, the miners already practically facing starvation. The block coal miners of Clay county, 2,500 in number, are all out, and a commissariat has been opened at Brazil to feed them.

At Fontanet, Ind., in the bituminous field, the worst condition exists. These miners have had practically no work for a long time and now they are subsisting on one meal a day.

In the other mining districts the conditions are about the same.

Eight thousand Indiana miners are on a strike, about 90 per cent of the total number. The mines in the vicinity of Evansville are the only ones that are being worked, and the operators there are jubilant.

Information comes from Parke county that the men are beginning to grow restless in that vicinity.

At Fontanet the miners, while they were at work, were forced to accept 47

cents, 4 cents below the recognized scale of the state.

Governor Mount spent a good deal of the time yesterday endeavoring to complete the organization of a committee of citizens to go to the mining district and inquire into the condition of the striking men. The strikers have indicated that they are anxious to have the inquiry take place. They say it is bound to show to the public that they are in need of help.

State Mine Inspector Fisher is making some investigation of the number of days that the miners in the block coal district of Indiana have worked the past six months. In that time there are 150 working days. In one mine where machines are employed the miners averaged 92 days' work out of the 150. In another, 85 out of the 150. In one pick mine the average was but 42 days for each miner, and in another but 29. For the entire block coal district, including Clay, Owen and part of Parke counties, Mr. Fisher says the miners have not had on an average over 40 days' work in the past six months.

JOINING THE UNION.

Heretofore Unorganized Miners Enlisted in the Struggle.

TERRE HAUTE, Ind., July 17.—President Knight has returned from Clinton, where he organized a union 500 strong among the hitherto unorganized coal miners. He found awaiting him a telegram from National President Rathford stating that "By tomorrow West Virginia will be closed tighter than a corked bottle."

Speaking of Eugene Debs participating in the strike, President Knight says he believes it will very materially aid their cause. His experience in management will be valuable, and the influence he controls will strengthen the cause.

Shipping Coal.

MASSILLON, O., July 17.—The Wheeling and Lake Erie company has delivered 83 cars of West Virginia coal to the Lake Shore railroad at Huron, O. The train passed through the striking districts without molestation. This will be followed by 200 cars daily unless trouble develops. Four hundred empty cars have been sent to the Fairmont mine in West Virginia. Orders have been received to send cars to various West Virginia mines and they are being forwarded as rapidly as possible.

Miners Wavering.

WILLIAMSTON, W. Va., July 17.—Miners in this field are working, but show signs of some agitation. Eight or 10 organizers are working with them and desperate efforts are being made to have them to come out. The operators claim the men will continue to work and break the backbone of the strike again as in 1894. New men, "non-union," are being employed, and an enormous amount of coal is being shipped.

West Virginia Miners Expected to Strike.

FAIRMONT, W. Va., July 17.—The events of the past 48 hours show plainly that it is the intention of the miners of this region to come out, and the time of the action is near. The general impression seems to be that the men will fail to show up Monday morning. It is announced positively that the O'Donnell miners will come out, and it is believed that the Monongah miners will follow suit.

More Miners Quit Work.

CHARLESTON, W. Va., July 17.—The coal diggers at eight mines in the Kanawha coal field quit work yesterday. They number about 600. Others have agreed to quit tonight. The probability is that all of the miners between Charleston and Montgomery will be idle next week. They number about 2,200.

STILL AT ODDS.

The House and Senate Unable to Get Together on the Tariff Bill.

WASHINGTON, July 17.—The only report obtainable from the conference on the tariff bill is to the effect that the representatives of the two houses are still at odds on the sugar schedule and that while there are still many matters of minor importance undetermined, the sugar question is the only obstacle in the way of speedy settlement.

Each side is standing out firmly as ever for its own rates. The house conferees are convinced that they can win, supported as they are almost by the unanimous sentiment of their party in the house, and some of them talk with resignation of remaining here all summer rather than yield to the senate on this point. There were rumors during the day that the senate conferees were about to surrender on sugar, but they proved to be utterly without foundation. Believing that if the senate itself were permitted to vote on the question it would recede from its rates on the sugar schedule, there was also talk during the day of forcing an expression on the subject from the senate in some way for its effect on the conferees, but this also, on investigation, proved to be little more than gossip.

Potter Instantly Killed.

EAST LIVERPOOL, O., July 17.—William Hubbard, a potter of this city, aged 22, while attempting to board a midnight freight, fell under the wheels and was instantly killed.

SHELBYVILLE, Ind., July 17.—Benjamin Fleming, bookkeeper and a prominent resident, swallowed laudanum with suicidal intent and will die. Financial reverses are assigned.

Canadian Rifleman Dead.

LONDON, July 17.—Major Perely, the well known Canadian rifleman, died of bronchitis last night at Biley.

PRISONERS PARDONED

Clemency Recommended in a Number of Cases.

WORK OF THE PARDON BOARD.

List of the Applications Passed Upon Favorably, and Otherwise—Milliners' Demands—New Oil Wells—Child Poisoned. Death From a Horse's Kick—Gang of Boy Robbers—Other Ohio News.

COLUMBUS, O., July 17.—The pardon board finished its business and adjourned at noon to Oct. 14. The following cases were recommended for pardon:

William Halterman, Jackson county, five years for burglary, on the ground that there is doubt of guilt.

Frank Devol, Washington county, three years for shooting to wound, on recommendation of judge and prosecutor.

Alexander Sapp, Meigs county, 11 years for cutting to wound, there being no serious injuries.

Gay Cox, Shelby county, five years for horsestealing, on recommendation of judge and prosecutor.

Pearl Harmon, Jackson county, five years for manslaughter, this prisoner being a 16-year-old boy, who stabbed another and larger boy in a fight.

John Jenkins, Clark county, one year for prize fighting, the other principal in the fight having already been pardoned.

James A. Goodpastor, Scioto county, five years for abortion, considered a case of spite work, recommended to commutation to one year.

Edward McMannus, Hardin county, four years for burglary, recommended by judge and prosecutor, commutation to one and three-fourths years.

George Keime, Belmont county, one year for burglary, thought to be innocent and recommended for pardon.

The following were rejected: Walter Rice, Lucas county, 10 years for burglary and larceny; Lucy Loveridge, Ashland county, one year for burglary and larceny; Patrick Dowdall, Ashland county, three years for pocket-picking; Emil Guenther, Cuyahoga county, four years for receiving stolen goods; Frank Morris, Cuyahoga county, life for murder and committed to life by Governor Campbell.

Demands of a Milliners' Union.

EAST LIVERPOOL, O., July 17.—A committee of ladies from the milliners' union visited several of the dry goods and notions dealers yesterday and demanded that they discontinue selling cheap nonunion hats. No satisfactory answer was given the committee and it is stated that all the trades unions in the city will take a hand in the fight, if the demand of the milliners is not complied with.

Two New Oil Wells.

LIMA, O., July 17.—Considerable excitement has been occasioned in the Hume oil district by the drilling in of two new wells which start off at a rate of several hundred barrels per day, natural. The wells are owned by the Ohio Oil company and are on the Fred Oen farm. One of the wells is flowing through three lead lines and has the tools still in the hole.

A Child Eats Fly Poison.

HIGGINSPORT, O., July 17.—The 2-year-old son of John Lang had a narrow escape from death yesterday. Mrs. Lang had prepared some poison to kill flies. During her absence the child got hold of a lump of the poison, and swallowed it, and when discovered was in spasms. A vigorous use of the stomach pump and considerable hard work saved the child's life.

Death From a Kick.

RIPLEY, O., July 17.—George Mullen, aged 18, playfully slapped, with his hand, an old, gentle horse, which had stepped in his path. The horse kicked him in the groin, inflicting injuries from which he died, a few hours later.

Gang of Boy Robbers.

NELSONVILLE, O., July 17.—Tate Young and Dick Crutcher, 9 and 10, were caught robbing J. W. Frost's store by officer Warner. It has developed that there is an organized gang of boy robbers whose ages range from 9 to 12.

Vigilance Committees Organized.

TIFFIN, O., July 17.—So numerous have been the raids by burglars in this city during the past few weeks, that citizens have organized for self-protection, and have selected a vigilance committee of 10 men in each ward.

Big Claim Not Sustained.

TOLEDO, July 17.—Suit was brought some time ago by Lee Smith and others asking for judgment for about 80 acres of land upon which rests the village of West Unity. Judge Hammond decided in favor of the defendants.

Fatally Injured by a Horse.

MINERVA, O., July 17.—Frank H. Rea, a young horseman of this place was kicked in the head and trampled upon by a vicious horse yesterday. He is badly injured internally and will probably die.

Robbed and Mutilated.

KENTON, O., July 17.—John Filber, a huckster, was held up and robbed of \$14 by two men four miles west of this city. The robbers also cut Filber's ears almost entirely off.

ADA, O., July 17.—George S. Tipton, one of our prominent business men, died very suddenly yesterday of apoplexy.

REVIEW OF TRADE.

R. G. Dun & Company's Report on the Condition of Business.

New York, July 17.—R. G. Dun & Company's weekly review of trade says: Excepting the great coal miners' strike, which may terminate at any time, there is scarcely a feature of the business outlook which is not encouraging, the season considered. Crop prospects have been improved by needed rain in some regions, and foreign advices continue to promise a large demand. In many home industries, particularly in building, there is more activity than in any year since 1892, and the week has brought a better demand in boots and shoes and in woollens, while the movement in freight, mainly iron ore, through the Sault Ste. Marie canal, is the largest in its history. With money markets unclouded, there is nothing in sight to hinder rapid improvement when uncertainty about legislation has been removed, for the miners' strike could not last long if business and industries should become active. There is much less apprehension of a failure of fuel supply than there was during the first few days when prices rapidly advanced, and large quantities of coal from West Virginia have reached northern markets, but some of the miners in that state have struck.

The advance in wheat to 81 1-8 cents was not due to the government estimate, which was followed by a decline but to foreign advices and considerable buying for export. Demand is already felt from Australia, South Africa, Brazil and even Argentina, while the promise for European crops is not considered bright. The disposition of farmers to keep back wheat for higher prices may affect the outward movement, but Atlantic exports during July, 1907, included, have been 3,115,443 bushels against 2,555,817 last year, although in the same weeks 4,659,315 bushels corn went out against 1,574,072 last year. Wheat closed 4 cents higher for the week and corn half a cent higher. Cotton is a sixteenth higher, the closing or partial stopping of important New England mills hardly neutralizing in market estimation in the apprehensions of injury from drought.

The cotton goods market does not yet reduce large accumulated stocks, as the curtailment of production shows, but is growing a little more healthy without change in prices. Woollens for the coming season have not been generally shown, though on some low-priced goods advances of 7 1-2 per cent are asked, and probably will be asked on better grades. There is rather more business in re-orders and the tone is more confident.

Speculation in the wool market continues with prices at all points stronger, Boston advancing with signs of a boom among dealers in which manufacturers are taking little part, at current prices, and at the west, where holders are looking for a great advance. Imports at Boston were 28,862 bales in two weeks, and dealers are said to have bought 100,000 bales more in London. Sales were 10,452,400 pounds at the three markets for the week and 24,572,800 in two weeks, of which 12,607,200 were domestic.

The output of iron furnaces July 1 was 164,064 tons weekly, against 168,380 June 1, but several furnaces have gone into blast since July 1, and the output is large for the season. Presumably an unprecedented share of it is to supply the great steel companies, which are even now putting more furnaces into blast and have heavy orders taken when prices were dropped, while the demand for structural shapes and plates is large, and for bars improving, though steel bars are now at the lowest quotation ever known in Pittsburgh, 87 1-3 to 90 cents, with Bessemer pig quoted slightly lower.

Tin plates are also lower at \$3.10 for full weight, and less than \$3 is paid for 100-pound boxes.

Failures for the week have been 263 in the United States, against 269 last year, and 27 in Canada, against 39 last year.

LAKE OF OIL IN ALASKA.

Fuel Enough in Sight to Supply the Entire World.

SEATTLE, Wash., July 17.—What is said to be the greatest discovery ever made is reported from Alaska. Some gold prospectors several months ago ran across what seemed to be a lake of oil. It was fed by innumerable springs, and the surrounding mountains were full of coal. They brought samples to Seattle, and tests proved it to be of as high grade as any ever taken out of Pennsylvania wells.

A local company was formed and experts sent up. They have returned on the steamer Topeka and their report has more than borne out first reports. It is said there is enough oil and coal in the discovery to supply the world. It is close to the ocean, in fact the experts say that the oil oozes out into the salt water. It is said that the Standard Oil company has already made an offer for the property. The owners have filed on 8,000 acres and are naturally very much excited over their prospects for fortune.

Missouri's Great Fruit Crop.

ST. LOUIS, July 17.—The Republic says: The fruit crop of Missouri this year is roughly estimated to be worth \$30,000,000 and many who know what they are talking about say those figures are too low. The importance of this crop may be better understood when it is stated that it is worth more than the wheat crops of Missouri and Illinois combined with the cotton crop of Missouri thrown in for good measure.

Delmonico All Right.

PARIS, July 17.—The report of the serious condition of Delmonico is without foundation. Delmonico is at the Continental hotel, where he has been for a fortnight.

OFF FOR THE POLE.

Andree's Perilous Balloon Voyage Has Begun.

SAILED AWAY ON LAST SUNDAY.

The Ascent Made Under Favorable Circumstances, With the Wind Right—The Last Seen of Him He Was Sailing Northward at the Rate of Twenty-Two Miles an Hour—Description of the Airship.

TROMSOE, Island of Tromsoe, Finmark, Norway, July 17.—The steamer Svenskund, which has arrived here from Spitzbergen, reports that Herr Andree, the aeronaut, ascended in his balloon on Sunday afternoon, at 2:30. The ascent was made under favorable circumstances; the wind was good, and all was well.

As the wind conditions were more favorable on Sunday morning than they had previously been, the order was given that the start should be made as quickly as possible. The preparations occupied three and one-half hours. The balloon, which was christened the Eagle, made a successful ascent amid the shouts and cheers of the crowd which had gathered to witness its departure. Despite the lightness of the wind the balloon rose rapidly, until an altitude of about 600 feet had been attained, when it was forced down nearly to the surface of the sea. After a few sandbags had been thrown out, however, it again ascended. The weather was clear and the Eagle was visible for an hour, traveling in a north-northeasterly direction. When last seen it was moving at the rate of 22 miles an hour.

The balloon in which Andree is attempting to penetrate the Arctic regions is constructed with a reservoir having a double covering, said to be impervious to hydrogen, or at least sufficiently so as to keep the balloon afloat for 30 days, and having a capacity of 58,000 cubic feet, and a lifting power, when inflated with hydrogen, of about 4,095 pounds.

The balloon will carry three persons and provisions for four months, besides scientific instruments and Benton's collapsible boats; and the car is capable of instant detachment from the reservoir. No propelling apparatus is to be used, the wind alone to be the means of propulsion. It is provided with a sail and also drag or guide ropes, which will trail along the surface below and retard the balloon, making its rate of speed about 25 per cent less than that of the wind, and, hence, capable of being steered.

This apparatus has often been used by Herr Andree, enabling him to sail at an angle of 27 degrees to 40 degrees from the direction of the wind. The sailing altitude is to be 250 meters, equal to 9,842 1-2 feet, or a little less than two miles; and it is expected that this altitude will keep the balloon above the surface fogs and below the lowest cloud. This will be accomplished by the guide ropes, the weight of which on the balloon constantly increases during ascent, as rope is taken up from the surface, till a point is reached where it will counterbalance the lifting power of the gas. The contrary effect is produced by descent, in proportion to the weight of rope supported on the surface; so that any tendency to vary from the sailing altitude fixed by this counterbalance will be checked in this way. The ropes are so constructed as to be supported on the surface of the water as well as on that of land.

The balloon was taken to Spitzbergen in June and inflated in a temporary structure, erected there, hydrogen condensed in tanks being transported there for this purpose. Andree's hope was to sail from Cape Thorsden on a clear day in July, when the wind was from the south, and with an average speed of 16 miles an hour, which, it is expected, can be maintained, reach the pole in 43 hours; the voyage to be continued thence to Bering strait; the pole lying nearly in a direct line between that point and Cape Thorsden.

The average velocity of the wind at Cape Thorsden is about 21 miles an hour, and, allowing for 25 per cent retardation by the guide ropes, this gives a sailing speed of about 16 miles an hour, as above. The average temperature at this point in July is 50 degrees Fahrenheit, the lowest being 47 degrees, and the highest 53 degrees; and there are no storms, and but little snow at that time of the year, the temperature being so nearly even.

From this it may be inferred that a similar evenness of temperature and freedom from storms will be found further north, near the pole, this date being near the middle of the Arctic summer, when the sun is continually above the horizon. Hence, though a lower temperature will, of course, be found at the pole, excessive cold is hardly to be expected, and the conditions for the successful voyage are almost as favorable as could be desired.

A PEST OF GRASSHOPPERS.

They Appear in Great Swarms and Damage the Crops.

BRISTOL, Ind., July 17.—In certain localities in this county, north of here, and in southern Michigan, immense numbers of grasshoppers have suddenly made their appearance, and are causing great damage to the farms.

Many fine fields of wheat have been wholly destroyed, and they now threaten the oat crop. They travel in large swarms. They are of the common green variety. Everything is swept before them when they take to wing, and it is impossible for a man to withstand their onslaught. They are killed by the bushel, but, apparently, their numbers increase.

 Fourth District—John J. Thompson.
 Fifth District—Wm. H. Rice.
 Sixth District—John Ryan.
 Seventh District—M. D. Farrow.
 Eighth District—Gus L. Tolle.
 For Constable.
 First District—S. D. McDowell.
 Second District—J. G. Osborne.
 Third District—W. L. Woodward.
 Fourth District—Robert W. Alexander.
 Fifth District—Wm. Tuggle.
 Sixth District—Gus L. Tolle.
 Seventh District—Gus L. Tolle.
 Eighth District—Gus L. Tolle.

INDICATIONS.—Partly cloudy weather, with showers on the lakes; slight variable winds.

MR. J. R. HUMLONG, of Germantown, is a Democratic candidate for State Senator in the Bracken district. He is one of that county's best citizens.

THE New York Sun thinks "if Hon. Lyman J. Gage, Secretary of the Treasury, doesn't get the country into trouble through his advice to the Administration, we shall all have cause to be thankful."

THE New York Press remarks that "Mr. McKinley is impressing the country as a weak President," that "he yields too much, especially to the counsels of partisan expediency and to the appeals of self-seekers." If the Press could just select our next President, we would of course have one who would just fill the bill to a dot.

WHILE the Democrats did win the national fight last fall, in one sense, yet it begins to appear that the gallant struggle they made for free silver is bearing its fruits. The latest news from Europe indicate that the nations on that side of the water may after all cooperate to some extent in restoration of the white metal to its rightful and proper place as money. The European nations are evidently being brought around by the great showing Bryan and the free silverites made last November.

"You are not here, gentlemen," said Mr. Carlisle, speaking before the report of the platform, "to wrangle about the distribution of offices or to quibble about the phraseology of a platform laboriously constructed to conceal your real opinions and cheat the people out of their votes."—Courier-Journal.

Really to listen to the C.-J., Mr. Carlisle and others who attended the convention at Louisville this week, one would imagine these men never thought of such a small thing as an office. But every delegate present of any prominence has been feeding out of the "public crib" many years, and they would like very much to keep at it, too. Why, Kentucky's own Wm. C. P. Breckinridge wanted an office so bad last fall that he crawled under a log cabin to get it.

DEMOCRATS assert that the quickest way and probably the only way to procure international bimetalism is for the United States to first open her mints to the white metal. Prof. E. B. Andrews, of Brown's University, who has recently spent several months abroad, says:

Owing to the manifest strength of the bimetallic interest in America there is actually considerable prospect that France will agree beforehand to open her mints to silver. If we re-open ours, even without such an agreement, France is certain to follow the United States. In case France and the United States proceed, or either alone, Great Britain will heartily co-operate to the fullest possible extent short of coining full tender silver at London, the India mints will reopen, the Bank of England will lay in a silver reserve, and perhaps half sovereigns be withdrawn in favor of silver certificates. Further than this England will not go. European bimetalists nearly all think American initiative the sure way to international bimetalism."

RAILROAD HOSPITALS.

The C. and O. System Will Likely Make a Practical Test of the Plan.

[Clifton Forge Review.]

The question of establishing and maintaining hospitals for the use of sick or injured railroad men belonging to the C. and O. system has been under discussion for several years by its officials. And it would now seem, as a result of these deliberations, that the times has arrived for making a practical test of the plan.

Other great railroad lines have established hospitals for the comfort and relief of their sick or crippled employees, and so far as the Review is advised most beneficent results have followed. With equal conditions, and under a wise and liberal policy, so characteristic of the C. and O. management, similar good results will be accomplished here and the hospital system be made as popular as it is on other lines.

With a view to the early adoption of the hospital system on the C. and O. Railway, Mr. Geo. W. Stevens, the general manager of the company, has selected a committee of four trustworthy railroad men—an engineer, a conductor, a fireman and a brakeman—and furnished them with round trip passes to go to St. Louis and Moberly, Mo., to investigate the hospital system on the Wabash and Pacific railways. Mr. Chas. A. Craft, of Clifton Forge, who will leave on his mission today, will represent the Brotherhood of Locomotive Engineers, and will be joined at Huntington and Cincinnati by a representative from each of the other branches of the train service named. Dr. Brock, of Richmond, one of the company's surgeons, will also accompany the committee.

The Review understands, that besides a minute inquiry into the matter by the committee, to ascertain the benefits to be derived from an institution of this character, the Chesapeake and Ohio railway company proposes to erect and own the hospital buildings, and not to tax their employees for their erection, as is done by some railways. The C. and O. company further, we learn, proposes to make up any deficiency which may occur in maintaining their hospitals after collecting from 15 to 50 cents per month from all employees who have worked a half a month or more.

The Review believes that the report of this committee will be favorable to the adoption of the hospital system on the C. and O. railway lines; and it further believes that a large percentage of the employees of the road will acquiesce in the opinion that the movement is a wise and beneficent one, and will heartily approve the wholesome innovation.

Gladys Inn, admirably located and constructed, need not remain idle long after its abandonment a few months hence as a hotel. It is just such a building as is needed for a first-class railway hospital, and the Review is informed it will be used for that purpose in the event it shall be decided to adopt the hospital system.

Of course there will be other hospital buildings erected; one possibly at Huntington, and another at some suitable point east of Clifton Forge.

FARMERS ENCOURAGED.

Wheat Raisers in Fayette County Look For Seventy-five Cent Wheat—Benefit of the C. and O.

LEXINGTON, Ky., July 15.—The farmers are encouraged over the outlook for better prices for wheat. The price here yesterday was 62 cents and to-day it has advanced half a cent. A prominent wholesale merchant said:

"I look for wheat to go to at least 75 cents here, as the dealers want the new wheat to mix with the old crop, which makes a better flour. The English millers do this, I am told. You see a big portion of the wheat crop of central Kentucky goes to England. It is shipped via the C. and O. road to Newport News, where it is loaded on board ships. This road has been a boon to Kentucky farmers, as it opens up a market which always pays the best price for our wheat.

"I believe that it is worth \$25,000 a year to our Fayette farmers, over and above what they would get for their wheat if we did not have the road. I estimate that the wheat crop of Fayette will this year bring us \$250,000 in money, and that will be a great help. The crop is turning out finely. For instance I have a farm rented, and on seventy acres of crop just threshed, my tenant got a yield of twenty-nine bushels to the acre, and the grain is plump and fine. The outlook seems good for the farmer and we are all glad to see him get better prices."

The Greenup Circuit Court convenes Monday.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. James Wood.

HIGHEST KNOWN.

Exports of Merchandise Reach a Remarkable Figure.

And Excess Over Imports Has Never Been So Large—All Under the Wilson Bill, Too.

WASHINGTON, July 15.—The monthly statement of the exports and imports of the United States, issued to-day by the Bureau of Statistics, makes the remarkable showing that never before in the history of the country have the exports of merchandise, which include practically all the exports except gold and silver, reached so high a figure as during the fiscal year ended June 30, 1897, nor has the excess of exports over imports ever been so large.

The only time these figures were approached was in 1892, when the United States was making heavy shipments of grain to feed Europe, suffering from a series of deficient harvests.

The statement for 1897, with comparison, is as follows:
 Exports of domestic merchandise, \$1,032,998,880; increase over 1896, about \$170,000,000.

Total exports of domestic and foreign merchandise, \$1,051,987,091, as compared with \$882,006,938 for 1896.

The total imports of merchandise during the fiscal year just closed amounted to \$764,373,905, of which \$381,932,605 was free of duty. The total imports were about \$15,350,000 less than last year, and the excess of exports over imports for the year was \$287,613,186. This is an excess of about \$185,000,000 over last year, and an excess of about \$23,000,000 over any previous year.

The figures for June also show an important gain. The domestic exports of merchandise during that month amounted to \$72,866,889, a gain over June, 1896, of \$8,000,000. The imports for June amounted to \$84,826,110, as compared with \$86,163,740 for June, 1896.

HOME-GROWN berries, Calhoun's.

FIRE INSURANCE.—Pickett & Respass, successors to Duley & Baldwin.

FARMERS, take your wheat to Old Gold Mills and exchange it for flour. The Old Gold Mills is making a specialty of the exchange business.

JUDGE COONS, who came in from Frankfort last night, says it rained nearly all day yesterday at that place, and there were good rains along the L. and N. as far in as Helena.

The most perfect selection of watches and diamonds ever shown here are those P. J. Murphy, the jeweler, is showing. His prices are always low. He never misrepresents goods. Prices always lower than any other house.

Do not fail to take in the evening excursion on steamer Laurence. She leaves her float at 7 o'clock, makes a ten mile run up and down in front of city, returning at 8:30. Nice music. Cool breeze and enjoyable time. Fare ten cents.

Mrs. ELIZA B. KEYES who has been teaching in Mt. Olivet will teach this year in Mason County. She has taught school for thirty years and always held a first class certificate. She has been one of the most successful educators in Kentucky.

The West Union Defender has the following in reference to a talented young lady who graduated a year or two ago from St. Francis de Sales Academy: "Miss Marie Bayless, the accomplished daughter of Hon. F. D. Bayless, arrived at her home, in this place, last Friday from Troy, N. Y., to spend her summer vacation. For the past nine months Miss Mary has had complete charge of the musical department of St. Mary's Academy at Troy, where she has been a valuable and appreciated adjunct to the faculty of that institution."

Waists and Dress Lengths....

Lawns, Lappets, Dimities and linen effects—the ends that are left from the quick cutting of the season's favorites. Women's waist lengths and children's dress lengths at half price.

TIES, BOWS, STOCKS.

New Stocks and Bows in all colors. The most stylish accessories for the shirt waist girl, 10c., 25c.

COLLARS AND CUFFS.

Ladies' Collars in a half dozen styles, cuffs to match, best in the world, made in Troy, that's why. Collars 12½c., Cuffs 12½c.

MEN'S UNLAUNDER SHIRTS.

Wamsutta Muslin, two-ply linen bosoms, reinforced back and front, felled seams, acknowledged the best 50c. Shirt in the market.

SATURDAY NIGHT SPECIALS.

Swansdown Face Powder, 5c. a box; Linen Corset Laces, flat, 1c.

D. HUNT & SON. TEACHERS:: WANTED.

Over 4,000 vacancies—several times as many vacancies as members. Must have more members. Several plans: two plans give free registration; one plan GUA RANTEES positions. Ten cents pays for book, containing plans and a \$500 love story of college days. No charge to employers for recommending teachers.
REV. DR. O. M. SUTTON, A. M., Pres. and Manager.
 SOUTHERN TEACHERS' BUREAU, S. W. Corner Main and Third streets, Louisville, Ky.
 SUTTON TEACHERS' BUREAU, 68-71 Dearborn street, Chicago, Ill.
 Northwestern vacancies Chicago office, Southern vacancies Louisville office. Our fee registers in both cases.

CYCLE CIRCLES.

A Gay Party Had a Pleasant Time Wednesday Evening Coming From Manchester—In Local Circles.

Willett and Diener will make a century run Sunday.

Miss Edith Berry made a trip to Lewisburg Wednesday.

Jesse Williams and William Fristoe will go to Minerva Sunday.

Mr. James Alexander, of Lewisburg, was in on his wheel Friday.

Miss Lena Alexander, of Lewisburg, was in on her wheel this week.

Miss Bettie Carr and Mrs. Ed. Horrocks rode to Flemingsburg this week.

Some of our cyclists go to Ruggles camp grounds Sunday to inspect the road.

Frank Ryder has disposed of his "Union Jack" and purchased a "Bellas."

Miss Campbell, of Elizaville, has purchased a Crescent of J. T. Kackley & Co.

Little Nannette Levi, of Portsmouth, came down this week to join the cycling sport.

Mr. C. H. Terry, of Columbus, O., was in our city Wednesday. Mr. Terry is one of Columbus' crack riders.

There are good crowds at the park these pretty evenings. Besides fast riding, you can see some of our riders learning trick riding.

The cyclists who made the trip to Manchester say Miss Mary Hall was always in the lead in climbing the hills. Miss Mary is considered one of the very best lady riders.

J. T. Kackley & Co. have on exhibition a spring fork Victor made nine years ago and is still in good running order. It was formerly owned by Dr. C. C. Coburn, of Germantown. After riding it nine years Mr. Coburn selects another Victor.

The following riders went to Manchester Wednesday evening on the steamer M. P. Wells and rode back by moon and lantern light: Mr. and Mrs. Wm. Cox, Mr. and Mrs. Sam Hall, Mr. and Mrs. J. T. Kackley; Messrs. Hamlet Sharp, Henry Ray, Walter Watson, Misses June and Nepple Pelham, Roberta Cox, Mary Hall, Bessie Scott and Lucy Wilson; Mr. John Scott and Masters Suddith Calhoun and Stanley Reed. All report a very pleasant time.

River News.

Rising slowly at Pittsburg.

Bonanza for Pomeroy to-night. Stanley down Sunday.

The Virginia comes off of the Marine Ways at Cincinnati to-day.

The Cincinnati and Pittsburg Company will not send out any more boats until there is more water.

The Stanley up Thursday night for Kanawha river, was blocked off with freight and every available accommodation given up to passengers.

The Times-Star says the old chestnut is again sprung that a certain excursion boat is to enter the passenger trade between Huntington and Louisville. The same story was told a year ago.

Fire and tornado insurance.—Boulden & Parker.

Don't fail to see the Murrys to-night. They leave for Chicago in the morning.

ROSENAU BROTHERS, PROPRIETORS,
Kings of Low Prices.

AN OLD LADY KILLED,

While Walking on the C. and O. Track, a Short Distance From Her Home.

Mrs. Rebecca Irwin, an old lady who resided on the C. and O. about two miles east of Manchester, was killed Friday afternoon by passenger train No. 2. She was walking on the track, and her hearing and sight both being defective, knew nothing of the approaching train.

The accident occurred about one hundred yards from her home where she was taken. The company surgeon, Dr. Grimes, of Concord, was summoned, but the old lady was dead before the doctor arrived.

Mrs. Irwin was eighty-seven years of age and leaves several grown children. The funeral took place this morning from her late residence.

HARRIS ACQUITTED.

Wild Scene in a Court Room at Lexington Over the Result of a Trial.

LEXINGTON, Ky., July 16.—At 4:40 this afternoon Judge Gray Falconer acquitted Jacob S. Harris for killing Thomas H. Merritt, whom he caught under compromising circumstances with his wife in Gratz Park last Friday.

In delivering his opinion Judge Falconer said he upheld the unwritten law of Kentucky, which gives a man the right to protect his home.

When this opinion was delivered the immense crowd that thronged the courtroom went wild.

Harris' brother hugged him and kissed him, as did his aged mother and his stepfather, Dr. Alexander.

Y. M. C. A.

Messrs. K. H. Hanston, Charles Simpson, J. T. Walker and B. Thompson, a quartet of young men from Charleston, W. Va., were visitors at the association rooms Friday evening. It was ascertained that the party left Charleston June 17th on a boating and fishing trip and that they intend to go as far as New Orleans, stopping en route at all important towns and cities.

The men's rally to-morrow afternoon at 4 o'clock in the association parlor will consist mainly of song and a short Bible reading on "The Young Men's Helper." Special music. All men invited. Cool lemonade served after the rally.

The following named persons appeared before the school examiners yesterday and applied for certificates to teach a common school, viz: J. F. Pollitt, Spencer Best, Anna Williamson, Mrs. Sue Wright, Anna Stubblefield, Nellie Birch, Rena Dornin, Fannie Biggers, Mary Norris, Eliza B. Keyes, Thomas Rash, P. F. O'Neal, Mamie Yancey, Lena Brodt, Birdie Berry.

COLUMBUS KILLER

Captured in Chillicothe Six Years After the Crime—Had Been in Maysville.

CHILICOTHE, Ohio, July 15.—A fugitive from justice in the person of George Snyder, wanted for murder committed in Columbus six years ago, was captured here to-day on a farm where he was employed. Snyder shot and killed George Hamm, who followed Snyder and a woman to a room.

Snyder made his escape and remained in hiding at the house of his father in this city for several months, going from here to Maysville, Ky., and then to Portsmouth, succeeding in keeping his identity hidden until his return to the vicinity of his old home. He has been married in the meantime.

We Must Make Room.

In anticipation of a big Fall trade and realizing that goods pertaining to our lines will advance (a great many have already) we bought early and largely. We are already beginning to receive shipments; moreover,

IT WILL NOT BE LONG BEFORE OUR GREAT LINE OF MEN'S SHOES WILL COME IN

so you see we must make room. Now if you will look in our windows and see the line of Suits we are offering at \$10 you will assist us in making room. All of our fancy Cheviot Suits in checks, plaids and stripes—Suits that we sold at \$18, \$16.50 and \$15—go in this sale. No house in the State ever did or ever will offer a line of Suits like these for the price,

\$10

It is the greatest sacrifice sale we ever made, but as our patrons will be benefitted and it secures us room and money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on more medium grades, but the entire stock will be sold at proportionate prices. Please bear this in mind:

NO SUIT WILL BE SENT OUT ON APPROVAL AND NO SUIT WILL BE CHARGED—ONLY CASH WILL BUY THE GOODS DURING THIS GREAT SALE.

Money, however, will be cheerfully returned if goods don't suit upon home examination.

HECHINGER & CO.,

PERCALES

Polka Dots, Checks and Roman Stripes.

The latest goods for Shirt Waists. Also a new lot of thirty-six-inch Linen for Dress Skirts, sold early in the season for 35 cents a yard, now 25 cents.

If you need another Lawn Dress or Shirt Waist don't fail to see the Lawns and Organdies we are offering at 5, 10, 15c. We have just received a big invoice of Ladies' Embroidered Handkerchiefs, and are showing some decided bargains at 5, 10, 15 and 25 cents.

BROWNING & CO.

Ladies'

Vici Kid Goodyear Welt, button and polish, new style lasts, \$2.50, worth \$3.00.

F. B. RANSON & CO.

A NATIVE OF MASON.

Squire James G. Francis Died Friday Morning at His Home in Covington.

[Covington Commonwealth.]

Squire James G. Francis died at the home of his venerable mother in Clinton Flats, Madison avenue, this morning.

The deceased was widely known and altogether a remarkable man among his fellows. He was born in Mason County, this State, and began life as a stage driver in the mountains. Later he became Deputy U. S. Marshal at Maysville, then on breaking out of the war he joined the Federal army from which he emerged with the rank of Major.

After the war he settled down in Covington and became a policeman, was elected Constable and finally a Magistrate in one of the city districts of this county. During his career as an officer of the law he gained considerable reputation as a detective. He was sixty-one years of age and a widower.

He leaves one son who lives in Portsmouth, Ohio. The remains were taken to his late home on West Sixth street and from there the funeral will take place, but the time has not yet been fixed.

A Big Yield.

Messrs. C. O. Pickett and C. S. Burgess had one field of wheat that made forty and one-half bushels an acre and another twenty-eight and one-half bushel per acre. Best average yet heard of.

BORN, to Mr. and Mrs. Rodney Cord, of Helena, a daughter.

A COMPLETE change of program next week at Electric Park.

At the Church of the Nativity to-morrow services will be: Litany, sermon and Holy Communion at 10:30 a. m.

REV. J. S. SIMS will preach at the Methodist Episcopal Church, South, in Washington Sunday afternoon at 4 o'clock. No service Sunday morning.

Does it ever pay to buy any cheap stuff in the jewelry line? You know it doesn't. Ballenger carries no "trashy" jewelry. His stock is the best to be had. Goods warranted.

SIXTY cents was the ruling price of wheat at Paris Thursday. The Paris Milling Company has bought about 20,000 bushels, and Hutchcraft & Co. about the same quantity, so far.

If your eyes feel like sand were under the lashes, if they burn and your sight is indistinct, Sutherland's Eagle Eye Salve will make them right. It has cured thousands of cases of sore eyes and granulated lids of long standing. It cures when others fail. It is harmless. For sale at Chenoweth's.

Electric Park THEATRE

Chocolate High Shoes

J. HENRY PECOR.

THAT KILLING AT PARIS.

It Was Night Watchman Connelly And Not Marshal Murnough Who Shot a Colored Desperado.

Mention was made in yesterday's issue of the BULLETIN of the shooting and wounding of Jim Jones, of this city, and Will Blue, of Lewisburg, and the killing of their assailant on the colored excursion train at Paris Thursday night. The dispatch below gives the correct account of the affray.

PARIS, Ky., July 16.—In a pitched battle at the Louisville and Nashville depot at 1 o'clock this morning, Hock Mason, a colored desperado, was shot and killed by Night Watchman Luke Connelly.

Mason had shot two colored excursionists returning from Mt. Sterling, and Connelly started to arrest him. Mason fired two shots, the second grazing Connelly's lips.

The latter drew his pistol and fired as Mason was emptying his pistol, killing him instantly.

Connelly surrendered to Police Judge Webb. He claims self-defense. Mason was shot three times.

Mason had served several terms in the penitentiary, and had a leg shot off in a fight.

For a full line of pure drugs call at Ray's Postoffice Drug Store.

DR. BELL'S PINE-TAR- HONEY

This famous remedy will cure an attack of croup in the time it takes to find a doctor. Every home should have it ready for the time of need. It is an infallible remedy for all bronchial and lung affections.

Sold by druggists at 25c. 50c. and \$1 per bottle or sent direct on receipt of price by The E. F. Sutherland Medicine Co., Paducah, Ky.

For sale by THOMAS J. CHENOWETH, Druggist.

PERSONAL.

—Mr. Lee Hanneke and bride have returned from Cincinnati.

—Mr. J. H. Pecor, the shoe merchant, has returned from the East.

—Mrs. John L. Whitaker is visiting her daughter, Mrs. Farnsworth, of Scranton, Miss.

—Judge James P. Harbeson was in town Friday on his way home from Brooksville.

—Mrs. John L. Shuff, of Cincinnati, is visiting her parents, Mr. and Mrs. Henry Thompson, of Mayslick.

—Mrs. Maude Stephens, of Frankfort, is the guest of her parents, Mr. and Mrs. B. K. Wilson, of Aberdeen.

—Miss Fannie I. Gordon, principal of the Girls' High School, is sojourning in the mountains of Tennessee.

—Mrs. H. Duke Watson and daughter, Miss Willa, go to Millersburg to-day to visit her sister, Mrs. James H. Arthur.

—Mrs. Mary Worthington has returned from a visit at Millersburg, accompanied by her granddaughter, Miss Mary E. Carpenter.

—Miss Nettie B. Smith, Miss Lucy Wardle Smith, Miss Lily May Wardle are spending a week with the family of Mr. Harvey Rice, of Lewisburg.

—Mr. and Mrs. Joseph Frazee will leave this afternoon for Flemingsburg to see their grandson, Young Hart, who was seriously injured in an accident at Lexington a few days ago.

—Bourbon News: "Boating up Stoner has been a pleasant diversion for Parisians this week. The Misses Parish gave a boating party Monday night in honor of their guests, Misses Lillie Stephens, of Chicago, Lida Rogers, of Maysville, and Lucretia Lewis, of Louisville."

Park Theatre.
A large and refined audience witnessed the entertainment at the park last eve. The Murrys were at their best, and were inimitable as fun-makers. Messrs. Nelson and Wilson came in for their share of applause. The whole entertainment was pleasing. Mr. Harry Sulser received the gold dollar awarded to the best amateur. Messrs. Collins and Russell were overcome by the excessive heat and were unable to appear. They hope to, by copious applications of ice water, to be in shape for next week.

Old People.
Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

Elder Bellock will meet the church at Beasley to-morrow.

"Mother's Friend"
makes child-birth easy, assists nature in its sublime effort, leaves the Mother stronger after than before confinement, and robs the hour of its terror. No Expectant Mother can afford to neglect its use.

"A customer whose wife used 'Mother's Friend' says that if she had to go through the ordeal again, and there were but four bottles to be obtained, and the cost was \$100.00 per bottle, he would have them." GEO. LAYTON, Dayton, Ohio.

Sent by Mail on receipt of price, \$1.00 PER BOTTLE. Book "TO EXPECTANT MOTHERS" mailed free.

THE BRADFIELD REGULATOR CO., ATLANTA, GA. SOLD BY ALL DRUGGISTS.

PRICE OF ARMOR PLATE \$300.

The House Agrees to the Senate Amendments to the Deficiency Bill.

WASHINGTON, July 17.—The house yesterday agreed to the partial conference report on the general deficiency appropriation bill and then concurred in the senate amendment fixing the limit of cost of armor plate for the three battleships, now building, at \$300 per ton. This was the main point still in dispute between the two houses. A strong effort was made to induce the house to agree to a substitute proposition fixing the limit at \$400, as recommended by the secretary of the navy, but after a three-hours' debate the house by a vote of 142 to 45 concurred in the senate amendment.

On motion of Mr. Broderick (Rep., Kan.) the senate resolution directing the secretary of war to issue 1,000 tents for the use of the Grand Army encampment at Leavenworth, Kan., next October, was adopted.

In the Senate.
WASHINGTON, July 17.—The open session of the senate was brief and uneventful. The Barriers resolution relating to the Union Pacific railroad was further discussed. At 1:30 the senate went into executive session, remaining behind closed doors until 6 o'clock and then adjourning.

NO AXES TO GRIND.

A Long-Standing Trouble Results in a Strike and Shutdown.

ALEXANDRIA, Ind., July 17.—By a strike of the bit drawers at the Kelly Ax Manufacturing company' large plant 100 men were thrown out of employment yesterday. The strikers claim that they were not paid for axes called seconds, although the firm used them. This trouble has been ripening for some time, reaching the climax yesterday.

After dropping their tools, President Kelly immediately ordered the fires turned out. It is not known definitely when work will be resumed. At the time of the strike it was the only ax manufactory of importance running in the United States.

Big Oil Strike.

ALEXANDRIA, Ind., July 17.—A 500-barrel oil well has been struck on the A. T. Davis farm, two miles southwest of this city, by Barnes & McDonald of Toledo, O. Thus far it gives indication of being the best well drilled here. The well is in the same district that the other successful wells draw from.

Death Results From Cancer.

VALPARAISO, Ind., July 17.—Levi Rockwell, residing near Wanatah, died yesterday of cancer. Last spring he had one arm and one leg amputated to rid his system of the disease, but it proved of no avail. He had resided in the county for 40 years, and was 83 years old.

Dynamite Bombs Exploded.

MADRID, July 17.—Two dynamite bombs were exploded yesterday at Guadalajara, capital of the province of that name in New Castle. Several persons were killed and others were seriously injured.

Senator Harris' Successor.

KNOXVILLE, July 17.—Governor Taylor remains at Johnson City trying to decide what to do about the appointment of a successor to Senator Harris. The new senator will be either T. M. Insley of west Tennessee or James Richardson and Benton McMillin of middle Tennessee. While Governor Taylor favors McMillin, the indications are that Insley is gaining strength.

An Order Rescinded.

KANSAS CITY, July 17.—Women prisoners are not to be put to work on the rock piles with men in Kansas City, Kan. The board of police commissioners, who decided last week that this should be done, have rescinded their order in deference to popular opinion.

American Flag Torn Down.

TORONTO, July 17.—An American flag flying at the City Hall in honor of the visiting delegates to the Epworth League convention was torn down by an ultra-British artisan yesterday. The man was at once arrested and locked up.

ANNUAL EXCURSION TO SEASHORE.

The First of the Season Over the C. and O. To Old Point and Fortress Monroe, July 22nd.

Among the numerous resorts of the Atlantic Coast none has maintained its supremacy like Old Point Comfort. An opportunity to visit it at a popular priced round trip rate is always taken advantage of by thousands from the West who prefer it, and rightly too, above the other resorts. The Hygeia Hotel for many years has held its place in popular favor and is so well known as to need no description, but many who have not visited Old Point Comfort since the Chamberlin has reached completion will be delighted with this magnificent hostelry. Immense in its proportions, luxuriously furnished, commanding a position at Old Point Comfort which gives to its guests an extended view of Hampton Roads harbor and the broad Atlantic. Both the Hygeia and Chamberlin are within a stone's throw of Fortress Monroe, the great training school of the United States Army whose monuments, reviews and dress parades are a never failing source of interest to visitors. Some representative ship of the United States navy as well as of some other foreign navies is nearly always anchored in front of Old Point Comfort while short excursions can be made to the soldiers home and Indian Normal School at Hampton (ten minutes ride by electric cars) or to the Gosport yard at Portsmouth, opposite Norfolk, Va., (forty-five minutes by steamer), or to Ocean View across Hampton Roads (twenty minutes by steamer) or to Virginia Beach (reached by rail in thirty minutes; from Norfolk) or to the \$3,000,000 ship yards and the foreign and domestic shipping at Newport News (reached in twenty-five minutes by train). These attractions with its surf bathing and fishing gives a greater variety to the scenes around Old Point Comfort than to any other American seashore resort.

The Hygeia and Chamberlin make a rate of \$2.50 per day for this occasion. Round trip tickets will be sold for the F. V. Limited leaving Cincinnati 12:01 noon and for the Atlantic Express leaving Cincinnati 9:10 p. m. Thursday, July 22nd, at the following rates:

From Cincinnati, Maysville and Intermediate stations, \$12; from Portsmouth, \$11; from Ironton, Ashland and Catlettsburg, \$10; from Huntington, W. Va., \$9.50 for the round trip. Tickets will be good returning within fifteen days from date of sale. They will be for continuous passage to Old Point Comfort on the going trip. On the return trip stopover privileges will be granted at Richmond, Va., Natural Bridge, Hot Springs, Va., White Sulphur Springs and other famous mountain resorts.

The scenery of the Chesapeake and Ohio along the Ohio, Kanawha, New and Greenbrier rivers and across the Allegheny Mountains is of so grand and varied a nature as to well repay one for making the trip even if the attractions at the coast were not so great.

Pullman sleeping car reservations should be made in advance by addressing C. B. Ryan, Assistant General Passenger Agent, Cincinnati, O.

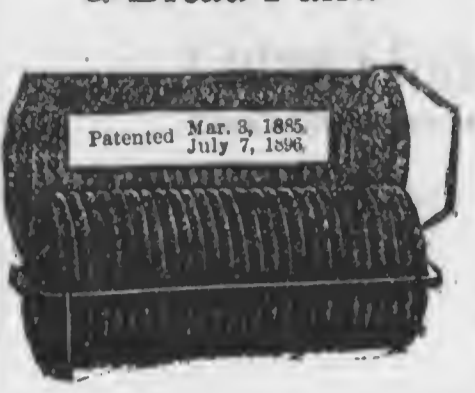

The workman often eats his lunch on the same bench where he does his work. The office man turns his desk into a dining-table. Neither gets the out of doors exercise he needs, neither takes the proper time for eating. It is small wonder that the digestion of both gets out of order. In such cases Dr. Pierce's Pleasant Pellets come to their assistance by aiding nature in taking care of the food.

The cause of nine-tenths of the sickness of the world is constipation. From this one cause come indigestion; disorders of the stomach, liver and kidney; biliousness, headaches, flatulency, heartburn, impurity of the blood and the serious complications that follow. To begin with, constipation is a little thing, and a little thing will cure it. The "Pleasant Pellets" are tiny, sugar-coated granules. They will perfectly cure the worst case of constipation and indigestion. If the druggist tries to sell you some other pills that pay him greater profit, just think of what will best pay you.

IN MEMORIAM.

[Written upon the death of Gertrude Noyes.]
Again the cruel, pulsating wires bring to us the sad news of another kindred spirit of our little flock having gone away. Dear little Gertrude Noyes whom we knew and loved so much. Death rudely breather upon her by life breath and in the May of life she sweetly closed her "A lovely being scarcely formed or moulded. A rose with all its sweetest leaves yet unfolded. As she rests to-day beneath the wide spreading branches of the patriarchal beech beside the tomb of four generations that have gone before her, she lies under the green sod made holy and sacred by their many memories. To her were the rare gifts of nature, beauty, joyousness and a warm, tender heart so full of hope and promise, to us who knew and loved her best—It is hard to part; among the dearest recollections of our lives, her bright beaming face and loving expressions of child-like affection shall ever be fresh and cherished. To the heart-broken parents and sister, I will say (if possible) smile through your tears and remember that another golden cord binds and draws you towards the land where the sun never goes down, nor the bird forgets its song, where the rainbow's arch ever hangs o'er head, and where the flowers never drop their leaves or lose their fragrance, but soon all will be well with the reunion of an unbroken family in an eternal home. Friends and kindred scattered over this broad land, from ocean to ocean, offer to you (the living) their heart felt sympathy when goes back to "Our Old Kentucky Home," feeling deeply and keenly your great affliction, which none can avert, and would draw you to their hearts and whisper loving words of hope and comfort. G. M. H. Chicago, July 12, 1897.

Attorney at Law.

Court St., Maysville, Ky.

Prompt attention to Collections and legal matters.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are examples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's Drug store. Regular size 50c. and \$1.

MR. WALDO HAMILTON is on the sick list.

The fair company at Aberdeen has elected the following officers for the ensuing year:

RUGGLES

CAMP MEETING.

The time for holding the meeting on these well improved and beautiful grounds will be from

July 22nd to August 2nd.

Eminent clergymen will be present, men of learning and popular talent. Among these will be Rev. M. Swadener, of Cincinnati, O. Revs. G. R. Frenger and J. G. Dover, Presiding Elders, will have charge of the services. All ministers of the Covington and Ashland district are expected to be present. Prof. J. G. Crabbe, of Ashland, will have charge of the music, assisted by Mr. H. Richardson, cornetist, and a splendid choir. Which is an assurance that the music will be all that could be desired. Epworth League day July 21st. Earnest workers of the district will be present. Temperance day July 23rd, addressed by Rev. J. M. Ackman and F. W. Harrop and others.

The Tabernacle has been enlarged, a 14-room house has been built with porches all around, making accommodations for all new comers. The grounds are beautiful and best of all there is an abundance of pure water—two large cisterns, three wells, one of which is 150 feet deep. Admission 10 cents. Any one too poor to pay will be admitted free.

Board \$4 per week; lodging 25 cents; meals during the week 25; on Sunday 40 cents. Single feed for horses 25 cents; feed of hay 15 cents.

Omni-buses connecting with boats and trains, under the control of Mr. Sam Pollitt, will make two trips daily, morning and evening to and from Maysville; fare 75 cents round trip. The police will see that good order is maintained. Any one desiring cottages write L. M. Lane, Maysville, Ky.

LAND FOR SALE!

I will offer at private sale 600 acres of Land lying in Salt Lick Valley, in Lewis County, Ky., and two and a half miles from Vanceburg, the county seat, and on a good turnpike. There is 100 acres of bottom land and 500 acres hill land. The hill land produces tobacco, corn, wheat and grass and is also the finest fruit and strawberry land in the State. The bottom land grows corn, wheat and timothy hay, and has 1,000 choice fruit trees on it now. There are two good dwelling houses, a good stock barn, an almost new tobacco barn, a good corn crib and plenty of water for stock and family use. This is one of the best stock farms in the country. This farm is for sale under a judgment recently rendered in the Lewis Circuit Court and is offered at \$2,500, which is a very low price. Will make purchaser a warranty deed. For further information address E. C. ROWLAND, Vanceburg, Lewis County, Ky.

Removed

To our new Coal Docks, and will sell Kanawha and New River Smokeless Coal at Pomeroy prices.

WM. DAVIS,

'Phone 60

Orders will receive prompt attention if left at McCarthy's Jewelry store or Tom Gullfoyle's.

C. F. Zweigart & Co.,

DAILY MEAT MARKET.

SECOND AND SUTTON STREETS.

T. D. SLATTERY,

Attorney at Law,

212 1/2 Court street, Maysville, Ky. Collections and settlement of estates a specialty.

FINE FARMS

FOR SALE.

The Executors of Thomas Wells, deceased, will sell, at private sale, the "Home Tract" of 88 3/4 Acres, near Helena Station; also three other tracts of land adjoining same, containing 110 Acres, 30 Acres and 24 Acres respectively. No better land in the State. Terms to suit purchasers. Apply to

S. A. Piper and G. S. Wall, Executors.

Maysville, Ky.
